Have You Had the Grip?

There are certain disorders, such as the grip, that especially debilitate and make the body an easy prey for more dangerous diseases. Ask those who have had the grip regarding the present condition of their health and most of them will answer: "Since I had the grip I have never been well." They still have profuse perspiration, the persistent weakness of the limbs, the disordered digestion, shortness of breath and palpitation of the heart caused by the thin-blooded condition in which grip almost always leaves its victim after the fever and influenza have subsided. They are furthermore, at the mercy of relapses and complications, often very serious. In an attack of the grip there is a rapid thinning of the blood and not until the blood is built up again is complete health restored.

Dr. Williams' Pink Pills quickly make the blood rich and red, drive out the lingering germs from the system and transform despondent grip victims into cheerful, healthy men and women.

Try the pills for any form of debility caused by thin blood. All druggists sell Dr. Williams' Pink Pills. Get a box today and begin at once to regain your health. Write for free booklet, "Building Up the Blood" to the Dr. Williams Medicine Co., Schenectady, N. Y.

Mexico.

(Continued from First Page.)

and with him are one woman and two children. In the camp there are fifty-three wounded Federal officers and 187 wounded soldiers and 215 Federal officers and 3180 men who are physically fit. There are 1259 women and children. Of the children, 400 are of school age and as soon as possible Gen. Scott will inaugurate a school at which some of the educated officers who are confined there will be the instructors.

There are four cases of smallpox by which the cost of the school period. Three babies were born last week; three the week before, and more are expected. The prisoners live in tents, brown, like the whole verdureless landscape. It costs 18 cents, gold, per day to feed each prisoner or about \$900 for the camp, while the cost of subsistence for an American soldier is 23 1/2 cents. The prison rations consist of Mexican beans, chili peppers, cornmeal, potatoes, onions, bread, fresh meat and coffee. A prisoner detected today one of the prisoners giving away some of the coffee to a more needy fellow-countryman on the outside.

Most of them are far better off than they were when in the field. They are housed and fed regularly. Americans have been trained to police their camp and take proper sanitation precautions. The prison is of about forty acres, surrounded by a barbed wire fence. The sentries do not enter the camp except for special purposes. Visitors are kept at a distance from the fence and the prisoners are kept away from it so that there is no contact between them.

In the crowd today were many soldiers from El Paso, who brought gifts of oranges, cigarettes, bananas, apples, tangerines and other delicacies. The prisoners—men, women and children—were jammed against the restraining wire, crying out in pleading voices, "meester lady," if they had been picked up that much English, to attract attention. All gifts were passed inside through the soldiers. One man who passed a half-dollar directly to a woman who had passed the restraining wire, was hustled out of the camp. One disappointed Mexican threw a stone at a sergeant. A mounted guard drew his pistol, while an infantryman went inside and arrested the offender. Such incidents, it was said, are not uncommon.

The Americans insist upon self-support and self-government among the prisoners to the fullest extent possible. They must maintain order, keep their tent and street clean, and make full reports to Lieut. Col. Perkins, who is in command of the regiment. Today being Sunday, visiting priests celebrated mass and there was a concert in the afternoon by a band of five pieces, which was sent by the divisional President Huerta to inspire the prisoners at Chihuahua and Ojinaga. The prisoners are well clothed. Huerta recently provided all with shoes, hose, underwear, hats and overalls or trousers. Officers also receive 15 a month, and the privates \$2. They are permitted to make purchases at the regimental store at the same prices paid by the American soldiers.

Cooking and laundry work are the principal occupations, carried on by the women. Today, tortillas were being made by the hundreds, and washing of clothing was going on everywhere. Dogs ran about and all over the camp the men were playing a species of handball, battling with their hands, one side against another.

A special permit, not easily obtained, is required for a visitor to go into the camp. The large is due largely to the cases of smallpox which have developed. Americans who have enjoyed the privileges and the guards of the prisoners generally are rather sullen in the presence of their jailers.

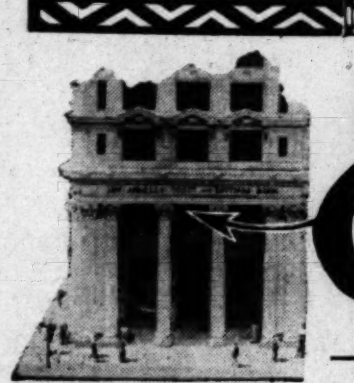

At Yelea, soldiers discovered today, fourteen rifles and 300 rounds of ammunition, which had been hidden away, and which probably was left behind last Wednesday night by the Mexican recruits who fled across the Rio Grande. Rumors reached Gen. Scott that attempts to run more recruits across would be made, but details of the plot were lacking.

AMERICAN IS REMOVED.

Ranchman Alleged to Have Been Kidnaped by Mexicans Now at Piedras Negras. (BY A. P. NIGHT WIRE TO THE TIMES.) LAREDO (Tex.), Feb. 15.—Clemente Vergara, the American ranchman captured yesterday on an island in the Rio Grande River near Palaflores, and taken to Hidalgo, Mex., by Mexican Federal soldiers, was removed yesterday to Piedras Negras. It was stated that the State Department at Washington has made representations to the Mexican Foreign Department with a view of obtaining the release of Vergara and the return of horses he says were stolen from him.

According to Nuevo Leon dispatches, Vergara says he was lured to the island, which he used as a pasture, by promises to purchase his horses, and that he was struck on the head and carried across the boundary into Mexico.

Democrats in Panic.

(Continued from First Page.)

Portugal, and Switzerland. Senator Shively said tonight that opposition to the treaties undoubtedly would arise. He expects all of them to be ratified. Immigration legislation will be considered by the Senate Committee on Immigration. This committee is expected to amend the Burnett bill, as it passed the House, probably within ten days. Revision and perfection of the anti-trust legislative bills will continue before Senate and House committees. It having been determined that all the tentative measures must be considerably changed. The measure introduced by Senator Walsh for the government control of the radium will be the subject of further hearings by the Senate Committee on Mines and Mining.

BRANDIES TO APPEAR. The House anti-trust and commerce regulation hearing for tomorrow includes Louis Brandeis of Boston, before the Judiciary Committee, to discuss price-fixing and interlocking directorates, and a delegation of bituminous coal operators to the War Department. The naval appropriation bill is being prepared by a subcommittee which is considering a plan for the naval building program, for which the administration asks two battleships, eight destroyers and three submarines. The naval appropriation bill is being prepared by a subcommittee which is considering a plan for the naval building program, for which the administration asks two battleships, eight destroyers and three submarines.

KILLED WHILE SLEDGING. LAWRENCE (Kan.), Feb. 15.—[By A. P. Night Wire.] Cecil A. Beardsley of Russell, Kan., a senior in the University of Kansas, was killed last night when a bobbed-up which thirteen University boys were riding, collided with a cab. The other coasters escaped unhurt.

CAN ANYBODY BLAME HIM? Jonathan Damosovitchskyvitch Wishes to Have His Name Changed. (A. P. NIGHT WIRE TO THE TIMES.) STOCKTON, Feb. 15.—Jonathan Damosovitchskyvitch, a Russian machinist, aged 28 years, is desirous of having his name legally changed to John Damosovitch. He explains that the middle name is unnecessary and that the suffix "vitchskyvitch" is unpronounceable to every one except the members of his own family. He will file a petition in the Superior Court early this week.

Treasurer a Suicide.

(Continued from First Page.)

colony of the request of Dist. Atty. Whitman with a copy of Mr. Kennedy's account. "Mr. Kennedy was not a heavy borrower nor a heavy depositor," President Bissell said tonight. "He always had a personal account with us but it was never large. Mr. Whitman knows all about the account. I did not go before the grand jury, merely telling what I knew to one of Mr. Whitman's deputies."

Mr. Kennedy was born in Buffalo in 1858 and lived here continuously for twenty-six years. He was actively identified with the legislative branch of the city government. He was elected State Treasurer in 1910 and was re-nominated and re-elected in 1912.

Mr. Kennedy was a member of several fraternal organizations and was a grand trustee of the Fraternal Order of Eagles for a number of years. A widow and two children, William H. and a daughter, Mary Jane, survive him.

ACCOUNTS IN GOOD SHAPE. (BY A. P. NIGHT WIRE TO THE TIMES.) ALBANY, N. Y., Feb. 15.—Financial affairs of State Treasurer Kennedy were in perfect condition, Deputy Treasurer George W. Whitman stated tonight. Accounts from the State Treasurer's office made an examination last Monday and reported everything in the best of order.

Gov. Glynn, however, ordered a full audit of the books, to begin tomorrow. It became known after the audit of the books that Arthur L. Warner, chief assistant to Commissioner James W. Osborne in the investigation of State department contractors, had been investigating reports that the Treasurer was intimately connected with a bonanza business with State contractors.

Mr. Warner refused to disclose the specifics of the inquiry but made it clear that it was understood it had reference to an alleged association between Kennedy, George H. McGuire and Charles W. Murphy, Jr.

ACTION OF WHITMAN.

(BY A. P. NIGHT WIRE TO THE TIMES.) NEW YORK, Feb. 15.—Subpoenas served by Dist. Atty. Whitman's office on John J. Kennedy last week were issued to insure his appearance here tomorrow at the public John Doe inquiry into political graft, it was stated tonight by Asst. Dist. Atty. John K. Clark.

The District Attorney, it was learned, intended to examine Kennedy on his handling of from \$50,000,000 to \$150,000,000 of State money as State Treasurer; also as to his relations, if any, with the firm of John J. Kennedy & Co., of Buffalo, which is in the business of bonding deposits of State money in State banks and which is now said to be conducted by Kennedy's son.

BRITISH-AMERICANS' RAIL.

Merry Valentine Function of Many Costumes and Impersonations Is Given. Several hundred British-Americans and their guests mingled in a merry Valentine ball at Kramer's, No. 932 South Grand avenue, last night, which also took on much of the character of the Mardi Gras carnival, especially in point of costumes. The dance was given by Princess Mary, daughter of the British Empire.

Fancy dress was the rule, which was broken only in occasional instances. The spirit of St. Valentine's Day was manifested in the Queen of Hearts, disguised by Corwyn Hopkins. John Bull was impersonated by an attack of the gout or other malady, and was not present, but his colors were there, mingled with the Stars and Stripes.

The ballroom presented a gay scene of costumes and impersonations.

What Eugenics of Business Mean to the Shopper

*EUGENICS OF BUSINESS:—The Basic Ideals, which recognized or ignored as wheel-horse principles in the workable policy of a business improve or impair its service qualities and Permanent Success.

What about the Tomorrow of the store that enjoy your regular patronage? Do you think of the Tomorrow when you select a Business Institution as a "steady?"

Tomorrow, you know, becomes Today tomorrow. Often, just when you think you have found the kind of a store you like, something happens. Frequently a Business Institution is right temporarily in this or that policy—AND ATTRACTS YOU.

Then LOSES YOU, undoes a lot of good it has done—impedes its progress to Permanent Success—because, not knowing the *Eugenics of Business, it alters, or sacrifices, the policy for a merchandising or advertising reason that is not parallel to Basic Ideals—ignores Tomorrow for Today.

(Many a thing is done rightly by accident—then undone thru ignorance.) Eugenics of Humanity and Eugenics of Business, are both dependent on the same Basic Ideals. You know mighty well what these Right Basic Ideals are.

Many Business Institutions forget that Basic Ideals come first—just as some Individuals forget. Consider a Business Institution as an Individual, that like an Individual, serves other individuals. Be just as exacting. Judge its character as you would the character of a living, human being with duties to those he serves, to his community, Progress, Future; other responsibilities than services rendered for compensation.

You encourage the friendships of ONLY those Individuals who have Right Basic Ideals—are responsible to their Tomorrow. There is no reason for the Head of an Institution to use one code of Ideals to measure his Personal Friendships with and another for his Business Institution to serve the community with.

The Individual or Institution that lives rightly for Tomorrow lives rightly Today. It is not the moment's appearance of a friendship that counts, but rather the consistent sincerity, "survival value," the present compared to the past. There are no "short-cuts" nor temporary substitutions. Ignorance is no excuse for this is the day when Study probes and Knowledge traces on every hand for service.

The Shopper knows more about the *Eugenics of Business than many merchants are aware. —a misunderstanding that has caused the recent wave of "Fraudulent Advertising" prosecutions thruout the country. (The "store with a conscience" prophecied it the morning the Los Angeles Advertising Club organized, in an advertisement January 12th, 1912.)

The Shopper has learned, also "unbeknownst" to many a merchant, that the Retail Business Institution which builds for Tomorrow, has Personality, Character, a right knowledge of the *Eugenics of Business, is the HOME of long established Nationally Advertised makes of merchandise. —because ONLY a Manufacturing Institution with Right Basic Ideals, that heeds *Eugenics of Business, that builds for Tomorrow, can persistently advertise its merchandise nationally.

National Advertising demands the maker's name on his product—pride of workmanship—continual striving to excel past qualities and values—a thoro guarantee—"survival value"—Permanent Success. And the National Advertiser dare only let a merchant be the HOME of his merchandise in a community, who knows and follows Right Basic Ideals in the development of a Permanent Success.

THE TIMES

QUALITY PREMIUM

Consists of 4 durable, high-grade and everlasting aluminum pieces, which can be converted into 12 separate and practical cooking utensils, as shown below. These aluminum pieces are absolutely sanitary. They contain no traces of iron or other base metals. They will not corrode or rust. This set will be placed with Times subscribers on a very liberal basis. For further particulars inquire of any Times Agent or communicate directly with The Times.

Absolutely Practical for Everyday Use

These TWELVE FULL SIZED PRACTICAL COMBINATIONS if bought separately would represent a retail value of MORE THAN \$20.00. The PERFECTION SET is even more desirable, as the pieces nest compactly and require but little pantry space—a decided advantage particularly in modern apartments where space is limited.

REVEALED BY DEATH.

Wife Takes Care of Her Crippled Husband After He Had Deserted Her for Another Woman.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Feb. 15.—(Exclusive Dispatch.)—Now the "higher-ups" among the army men who have had soft snaps on detached service are going to "get theirs," for word has come from Washington that Secretary of War Garrison and Representative Hay, chairman of the House Military Affairs Committee, got together on Saturday and agreed that the same "Manchu" law that made such a clean sweep among company officers on detached duty something more than a year ago, will be extended to embrace field officers also.

When the law relative to company, troop and battery officers, and fathering up by Representative Hay, went into effect it swept back to commands hundreds of officers who had not had four years of duty with their companies out of six. Aimed primarily to pry loose from swivel chairs in Washington scores of officers who were having too easy a time, it proved far more effective than this, for it completely demoralized the detached duty list of officers and substituted men who had been serving with troops.

Now that the law will be so amended as to include field officers, it is expected that a lot of perpetual detached-duty "higher-ups" will go back with troops. It also has been decided by Garrison and Hay that no officer shall be allowed to exceed two months' absence from his command each year for service on boards, court-martial, headquarters or because of illness without such absence being counted as detached service.

WHIPPED AND LOCKED UP.
Railroad Employee Sent Out of Springfield, Mo., by Indignant Fathers Still Musing.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SPRINGFIELD (Mo.) Feb. 15.—Friends of Jerry Malone, a railway employee, said to have been sent out of Springfield, locked in the tool box of a locomotive, after a committee of ten fathers had horsewhipped him for alleged improper conduct, still were searching for him yesterday. The police said no action in the matter would be taken until the committee of fathers had been located.

Delegates to National Conference at Chicago Ask Governors to Look In to Subject.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Feb. 15.—Concrete road building received a boost yesterday when delegates to the first national conference of concrete road building decided to ask the Governors and Legislatures of various states to look into the supply of materials for concrete work available in each state.

WILSON'S TRIBUTE TO BACON.
Writes Statement on Typewriter Deplored Death of the Georgia Senator and Statesman.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WASHINGTON, Feb. 15.—When President Wilson heard of Senator Bacon's death, he was sitting at his typewriter. He wrote the following statement on his machine and issued it to the press: "All who knew Senator Bacon will sincerely deplore his death. It deprives the Senate of one of its oldest and most experienced members, a man who held with something like reverence the traditions of the great body of which he was so long a part, and who sought in all that he did to maintain its standards of statesmanship and service. The great State of Georgia will greatly miss her distinguished son and servant. My own association with him had been the most cordial, and to me, helpful sort. I particularly profited by his experience in foreign affairs."

CONVICT INSANE ATTENDANTS.
Men Accused of Murdering Patient Found Guilty in Second Degree Yesterday.

(BY A. P. NIGHT WIRE TO THE TIMES.)
IRVING, Feb. 15.—Frank Peoples and Willie Dean West, charged with the murder of an insane patient named Getz at the Mendocino State Hospital on November 27, were convicted of second degree murder here yesterday. Peoples and West were patients under observation at the hospital, having been sent from San Quentin prison.

MOURNED BY HIS DOG.
Faithful After Death, Collie Dog Guards the Body of Master Who Committed Suicide.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN JOSE, Feb. 15.—Guarded by his faithful collie dog, the dead body of John Frasier, a farmer in the Hazel Dell district, near Watsonville, was found in his cabin Friday evening by neighbors. Four bullet holes were found in the body, and a note was found near by, in which he stated his intention to take his own life.

SUFFRAGETTES WIN OUT.

Score Important Victory in Chicago in Questioning Lodging-House Regulations.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Feb. 15.—Suffragettes won an important victory yesterday when their affidavits questioning the registration of 2000 occupants of cheap lodging-houses in the First Ward were accepted by the election commissioners. Thirty women, who canvassed the lodging-houses and failed to find the men whose names appear on the poll books, challenged their right to vote.

The women were led by Miss Marion Drake, candidate for Alderman against Alderman "Bath-house John" Coughlin, who has represented the district for many years, and Mrs. Charlotte Rhodes, president of the Woman's party.

Counsel for Alderman Coughlin pleaded with the board not to permit women to aggravate conditions in the ward. He charged that "ignorance and impracticability of women in regard to things political" were making conditions worse than before.

Suspect notices will be sent to the 2000 men challenged, and if they do not appear before the board the first three days next week their names will be erased from the registration books.

The women promise to be on hand with a battery of cameras to photograph all suspicious characters, so as to prevent repeating on election days.

Included.
FIELD OFFICERS "GET THEIRS."

DETACHED DUTY MEN TO SOON LEAVE SWIVEL CHAIRS.

Secretary of War Garrison and Chairman Hay of the House Military Committee Decide to Amend the Law About Absence from Command of Troops.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO BUREAU OF THE TIMES, Feb. 15.—(Exclusive Dispatch.)—Now the "higher-ups" among the army men who have had soft snaps on detached service are going to "get theirs," for word has come from Washington that Secretary of War Garrison and Representative Hay, chairman of the House Military Affairs Committee, got together on Saturday and agreed that the same "Manchu" law that made such a clean sweep among company officers on detached duty something more than a year ago, will be extended to embrace field officers also.

When the law relative to company, troop and battery officers, and fathering up by Representative Hay, went into effect it swept back to commands hundreds of officers who had not had four years of duty with their companies out of six. Aimed primarily to pry loose from swivel chairs in Washington scores of officers who were having too easy a time, it proved far more effective than this, for it completely demoralized the detached duty list of officers and substituted men who had been serving with troops.

Now that the law will be so amended as to include field officers, it is expected that a lot of perpetual detached-duty "higher-ups" will go back with troops. It also has been decided by Garrison and Hay that no officer shall be allowed to exceed two months' absence from his command each year for service on boards, court-martial, headquarters or because of illness without such absence being counted as detached service.

WHIPPED AND LOCKED UP.
Railroad Employee Sent Out of Springfield, Mo., by Indignant Fathers Still Musing.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SPRINGFIELD (Mo.) Feb. 15.—Friends of Jerry Malone, a railway employee, said to have been sent out of Springfield, locked in the tool box of a locomotive, after a committee of ten fathers had horsewhipped him for alleged improper conduct, still were searching for him yesterday. The police said no action in the matter would be taken until the committee of fathers had been located.

Delegates to National Conference at Chicago Ask Governors to Look In to Subject.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Feb. 15.—Concrete road building received a boost yesterday when delegates to the first national conference of concrete road building decided to ask the Governors and Legislatures of various states to look into the supply of materials for concrete work available in each state.

WILSON'S TRIBUTE TO BACON.
Writes Statement on Typewriter Deplored Death of the Georgia Senator and Statesman.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WASHINGTON, Feb. 15.—When President Wilson heard of Senator Bacon's death, he was sitting at his typewriter. He wrote the following statement on his machine and issued it to the press: "All who knew Senator Bacon will sincerely deplore his death. It deprives the Senate of one of its oldest and most experienced members, a man who held with something like reverence the traditions of the great body of which he was so long a part, and who sought in all that he did to maintain its standards of statesmanship and service. The great State of Georgia will greatly miss her distinguished son and servant. My own association with him had been the most cordial, and to me, helpful sort. I particularly profited by his experience in foreign affairs."

CONVICT INSANE ATTENDANTS.
Men Accused of Murdering Patient Found Guilty in Second Degree Yesterday.

(BY A. P. NIGHT WIRE TO THE TIMES.)
IRVING, Feb. 15.—Frank Peoples and Willie Dean West, charged with the murder of an insane patient named Getz at the Mendocino State Hospital on November 27, were convicted of second degree murder here yesterday. Peoples and West were patients under observation at the hospital, having been sent from San Quentin prison.

MOURNED BY HIS DOG.
Faithful After Death, Collie Dog Guards the Body of Master Who Committed Suicide.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN JOSE, Feb. 15.—Guarded by his faithful collie dog, the dead body of John Frasier, a farmer in the Hazel Dell district, near Watsonville, was found in his cabin Friday evening by neighbors. Four bullet holes were found in the body, and a note was found near by, in which he stated his intention to take his own life.

DARES TO STOP A CONGRESSMAN

Trinidad Guard Halts "Spooking Around" Representative Evans

Representative Evans to Move Along

Interstate War Aircraft Soldier's Apology

IT IS A NIGHT WIRE TO THE TIMES.
TRINIDAD (Colo.) Feb. 15.—(Exclusive Dispatch.)—Representative John M. Evans of Colorado, who was "spooking around" in the town of Trinidad, was halted by a guard of the Trinidad National Guard.

The guard, who was walking down the street, had engaged in conversation with a soldier when Evans, who was walking down the street, had engaged in conversation with a soldier when Evans, who was walking down the street, had engaged in conversation with a soldier.

Then ensued a conversation between the two. Evans, who was walking down the street, had engaged in conversation with a soldier when Evans, who was walking down the street, had engaged in conversation with a soldier.

A moment later the soldier, who was walking down the street, had engaged in conversation with a soldier when Evans, who was walking down the street, had engaged in conversation with a soldier.

"I think you are over the top," declared Representative Evans.

AN ARMY OF WITNESSES.
Investigating Colored Men's Allegations of Being Shot at by Soldiers.

There Are From 200 to 400 Colored Men in the Town of Trinidad (Colo.) Feb. 15.—(Exclusive Dispatch.)—A moment later the soldier, who was walking down the street, had engaged in conversation with a soldier when Evans, who was walking down the street, had engaged in conversation with a soldier.

Members of the House of Representatives are investigating the colored men's allegations of being shot at by soldiers.

They are preparing to testify on the subject of the soldiers' actions.

FILE STATEMENT IN TWELVE DAYS.

Those With Taxable Incomes Must Move Quickly.

Collector's Force Is Crowded to the Limit.

Confusion Greater Than Tax on Corporations.

If you are a bachelor and your net income for ten months of 1913 exceeded \$2500, or if you are married and your family income for the same length of time, you have just twelve days from date to file a statement of your income and outgo with the Collector of Internal Revenue, J. P. Carter, of the Southern California district.

Neglect on the part of the taxpayers who are required by the provisions of the act to file a statement of their income and outgo will result in the payment of a penalty of five per cent of the amount of the tax due, or \$1000, whichever is the greater.

If the combined net income of both husband and wife for the ten months of 1913 exceeded \$2500, a return must be made. If both husband and wife each have an income exceeding \$2000 then the figures for each must be separately stated upon one report or individual returns.

With but twelve days remaining in which the income tax reports may be made, not more than one-half of those who are required by law to render such statements have completed them. It is estimated that over 15,000 men and women with yearly incomes ranging from \$2500 to \$100,000, who reside in this fair region, have failed to comply with the income tax provisions.

GETS MORE HELP.

The office force of Collector Carter is crowded to the limit and is now working night and day in an effort to keep pace with the rush of business. Collector Carter received a telegram from Washington yesterday granting him authority to engage two additional income tax experts to assist in handling the volume of business which is stacking up on the collector's office.

The present income tax law is so confusing to the ordinary taxpayer that assistance in the preparation of the income statement is almost necessary. Collector Carter and his assistants are kept busy from early morning till late at night replying to thousands of questions and making a specialty of the income tax problems, states that he finds the law much more confusing to the public than the recent excise or corporate tax law.

Parker asserts that the most perplexing question of the individual taxpayer is where the personal expenses and the business expense begin, or what should be deducted from the gross income in arriving at the net result.

Persons liable for the normal tax only need not make return of dividends received from corporations and those whose net income from sources other than dividends is less than \$2500 for single persons or \$3000 for married persons, are not required to file a return under the provisions of the law.

Income taxpayers have until June 30, 1914, in which to pay their income assessment. Heavy penalties, including both fines and imprisonment, are provided for willful income tax-delinquents.

Collector Carter has no power to remit fines for delinquents, who are automatically fined. If they fail to return their statement Uncle Sam steps in and collects—there is no alternative.

It should be remembered that March 1, 1914, falls on Sunday and the last day on which your return can be filed without penalty is February 28.

DOCTOR DROWNED.

Tip-rip at Hermosa Beach Costs Los Angeles Man His Life While Aged Mother Looks On.

Dr. Brant Alexander of Twenty-third street and Estrella avenue was drowned while his aged mother helplessly looked on at Hermosa Beach last evening.

Dr. Alexander went to the beach early yesterday morning with his mother, who is 75 years of age, to attend a house party. After the 6 o'clock dinner the doctor and several friends sauntered to the foot of Sixteenth street and took a plunge into the surf.

Dr. Alexander was swimming easily not far from the shore when he apparently became caught in a tide-rip and in his struggle became cramped.

Calls for help brought a number of persons into the surf, among them P. H. Stanton, but efforts to reach the doctor before he sank from sight were unavailing.

DOESN'T LIKE IT.

Apartment-House Manager Disapproves of Guests Being Friendly; Ballrooms Snare, She Says.

The policy of promoting sociability among the guests, followed by most of the large apartment-houses in California, is not approved by Mrs. M. A. Folle, an apartment-house manager of San Francisco, who is a guest at the Clark.

Mrs. Folle frowns on the ballrooms, roof gardens, spacious parlors, billiard-rooms and pipe organs of pretentious apartment-houses; she thinks them a deception, a snare and not worth while.

"I have been managing large apartment-houses in San Francisco for many years and have been successful," Mrs. Folle said yesterday, "but in all of my long experience in this line I have never been guilty of introducing one guest to another. I give them no encouragement to become acquainted."

WEARS ALLIGATOR SKIN.

Man with Peculiar Outfit Starries Police Surgeons Attending Injuries After Motorcycle Accident.

Medical science is aroused over the "alligator man" who came to the Receiving Hospital yesterday as the result of having been struck by a motorcycle. When disrobed the hospital attaches were startled to find that his skin was similar to that of an alligator.

From his face to his feet the alligator man's skin is cut into squares identical in design to those of the alligator. Assistant Surgeon Rooms, who first attended the man, summoned Chief Surgeon Wiley of the hospital staff. Skin specialists were summoned to witness the strange affliction and none was able to find out the nature of the malady that produced the effect.

The patient gives his name as Charles Kenyon, No. 148 West Forty-eighth place. He was injured in a motorcycle accident at Twelfth street and Central avenue.

When asked to remove his clothing that a full diagnosis of his ailments might be made, he refused at first. Then he explained that he is not normal.

He said that he had been afflicted with the alligator skin since childhood and that he is unable to account for his condition.

He was taken to the Receiving Hospital for treatment and will be under the observation of skin specialists while there.

TENNESSEE SOCIETY DANCE.

The Tennessee Society will meet at No. 953 West Seventh street tomorrow evening at 8 o'clock to enjoy a short program and dancing. Former residents of the Volunteer State are expected to attend.

CHILDREN ON NATURE'S TRAIL.

Pupils Learn Secrets by First-Hand Study.

Stock Museum With Relics of Mountain and Sea.

Thousands of Young Students on Excursions.

Plans for investigating "nature's open secret" during the coming months are being made by thousands of public school children, under the direction of Dr. Charles Lincoln Edwards, supervisor of nature study.

A big animal exhibit is to be held, museums are to be formed, and many excursions are to be taken to mountain and shore.

The children themselves are to vote, in the central nature-study meeting, composed of delegates from each school, what excursions they will take, during the spring months. These "knowledge—never-learned-in—books" excursions will be taken to nearby mountains and seashore; and not only

UNDERGROUND PLOT TO THROTTLE INDUSTRIES.

General Walkout and Strike Is Planned by Unionite Ringsters for April—Closed Shop Rather Than an Increase in Wages to Be Demanded as Part of Sinister Move by Walking Delegates and Bosses.

Another plot to unionize Los Angeles has been unearthed. A general walkout and strike of every craft in the Building Trades Council is the scheme. Two confidential agents of Sam Gompers are now in the city and have been in nightly conference with bosses of the union-labor movement here.

The only question that has arisen between the conspirators is the right hour to strike the blow, which, if successful, would greatly retard the material growth of Los Angeles.

No wage increase is to be asked, except by the carpenters. A "closed shop" is the desired goal of the bosses. If the plot should be successful the army of agitators and "special agents" of the various unions, who live off the sweat of honest workmen and women, realize the wage increase will be but a matter of course. That is the plan. "Close the town—then hold up the employers and business men and manufacturers," is their motto.

The rank and file, the hard-working men and women in the various trades unions, are opposed to the plot to throw them out of work to satisfy the ambitions of the walking delegates.

If the rank and file obey the orders of the bosses over 12,000 workers now employed at good wages will be put out of work, and for ten days they will be without pay.

The bosses of the local affiliates of the Building Trades Council, after "Pinhead" McCarthy, Stanley B. Wilson, T. W. Williams and other eminent "friends" of the toiler had put their heads together and outlined the move. A number of men quit good jobs at that time after listening to Etolian promises, and for ten days they roamed the streets of this city a mournful, bedraggled body of idlers.

During the ten-day strike the agitators threatened the leading business men, manufacturers and factors in the progressive life of the city with dire happenings if they refused to accede to their black hand demands. The sound, patriotic business men stood firm and steadfast against their threats. They refused to be cajoled. On the eleventh day of the "strike" the men scurried back to their jobs—but many honest-meaning workers found themselves jobless and penniless. They cursed the walking delegates and their soapbox dreams, but what didn't buy bread and meat for the wife and little ones at home.

President F. P. McMahon and Secretary A. J. Mooney of the Building Trades Council of Los Angeles denied the walkout report yesterday. "It's talk," said Mooney. "I've heard it mentioned before, but there's nothing to it."

Two months ago Councilman Wheeler introduced an ordinance in the City Council to provide a union scale of wages for the 3000 city employees. It was the first move in the coming campaign to shackle the city. The Wheeler ordinance was a "feeler" flung out to test the sentiment in the Council and city generally. The eight other Councilmen sat down on the ordinance and it was referred to the Finance Committee to the Budget Committee, where it will rest in peace for all time.

The various trades union locals have held special meetings recently at which the "April strike" has been the main subject discussed. The carpenters and joiners are to make the demand for \$5 a day for a six-hour day, an increase of 75 cents per diem and two hours sliced off. There are several hundred carpenters out of work at present and the bosses will put it up to the employers that the logging off of two hours a day will enable these men to secure jobs. The employers refuse to meet the demands and the bosses certainly do not expect them to. A general strike will be called. Then the old fight to unionize free Los Angeles, which has been fought over the city for times at a cost of over a million dollars to the union-labor organizations, will be begun again.

PIETHANS PLAN BIG WEEK.

Golden Jubilee to Be Celebrated With Elaborate Ceremonies Lasting Several Days.

Local Knights of Pythias this week will hold an elaborate celebration of the fiftieth anniversary or golden jubilee of Pythianism which is being honored in every part of the United States and Canada.

On Wednesday evening at 8 p.m. at the Elwell Clubhouse the championship team from Astoria Lodge, Pomona, will confer the rank of Page, consisting of tableaux, dramatic and ritualistic parts.

On Thursday Pythians from Los Angeles city and county and all Southern California will gather at Venice, where there will be a ball and reception on a large scale. Special trains will leave Pacific Electric Hill-street station at 7:15 p.m.

The Uniformed Rank will take part in the ball and there will be a program, among them an exhibition drill by the Dokey National championship drill team under Capt. "Happy Jack" Culliton.

The Los Angeles Times

MONDAY MORNING, FEBRUARY 16, 1914. - 4 PAGES

PART III

Pen Points: By the Staff

Prices are dropping, and it is probable that the White House will be able to unscramble some of the figures.

The White House is in a probably chafed up by the hour dog.

It may not be a revolution at all, but a mere outbreak of the heat. Or the hives.

President Wilson ought to be please the English. He has taken view of the tariff and of Panama tolls.

An investigator has discovered that of 16 are at their best in January, know of some who do fairly well Christmas time.

As a Presbyterian, President Wilson doubt believes in the doctrine that ever is to happen in Mexico will if it never does.

Just so long as we have the high car steps, there will be no stopping of the come-back of the hopper. There is a reason.

An army officer says he knows about poker to fill a book. But really needs is something to do it. Then he can get by.

Under the new tariff law most into the United States from foreign countries. Have you seen reduction in the price?

Secretary Bryan now has a good things on hand, including radish sent him by a farmer in the lemon from Japan.

Another Presidential boom shot is announced in the East. Too light as to its engine to get peaks of the Rocky Mountains.

We may see a Democratic Pennsylvania, if the Republic upon continuing to hang tight in the clothesline, fighting about what.

With the defeat of that soldier rider to the postal appropriation, greenman Moon of Tennessee have suffered a complete collapse.

It is announced that men will wear in a "bang" style the coming. Perhaps some will, but they are who are the defendants in the cases.

There are a lot of things between President Wilson that cannot be the Baltimore platform, but in the next national delivery party.

President Wilson says he has habit of talking when he has say. That policy pursued by the State would create an echo the Chautauque circuit.

What has become of the boy who always wore clothes from father's? He has been the fashions, and in many cases father to foot the bill.

Statistics show that the horses in this country is increasing, in spite of the number of motor vehicles. The highbrow kindly explain that?

Old Dock Cook wants Congress to size him equally with Perry as the coverer of the North Pole. Then he said in favor of Cook, he is as and as much cannot be truthfully about his competitor.

What the Wilson administration stabilize, to keep the Congress from opposing his position as the seal of the law relieving Congress from the payment of tolls through the Panama Canal. And it will be the Baltimore platform favored.

HE PRAYED FOR JOE. "I was down near the border where they grow the cactus plants. That I met a tough looking fellow and he rolled himself a smoke. Then looked south with a smile. He then said: 'I should have known I'm 'cross the border line. And suppose I should whoop whoop I've left a place where men are red by human blood. And I've come straight out of the am from Old Mexico, where long ago they suffered 'neath the flag and 'tis now the land of me. I shot my partner, Joe. The land it is of blood and among their noble ones, their Juanes. That ever lived in Mexico. All bravos, Pancho Villa that their tortillas. They none have had more blood on their faces."

They suffered 'neath the flag and 'tis now the land of me. I shot my partner, Joe. The land it is of blood and among their noble ones, their Juanes. That ever lived in Mexico. All bravos, Pancho Villa that their tortillas. They none have had more blood on their faces."

CALIFORNIANS WIN TITLES

(BY CABLE AND A. P. TO THE TIMES)
SYDNEY (Australia) Feb. 15.—California athletes won today five of the eight championships of the New South Wales Athletic meet. George L. Parker, the California sprinter, captured the 100 and 440-yard dashes. Rusty Thompson, Olympic Club, San Francisco, the pole vault; Reginald Caughy of California, the shot-putting contest; Jimmy Powers of the Boston A. A. won the mile run.

Up North

L. T. BRADFORD CAPTURES CUP.
A. A. COUNTRY CLUB MAN IS A WINNER.

Local Player Surprises by Taking Two Straight Matches in Del Monte Golf and Grabbing Third Blithen Cup—Is Going to Play at Seattle Before Long.

(BY DIRECT WIRE TO THE TIMES)
DEL MONTE, Feb. 15.—[Exclusive Dispatch.] The third Blithen cup was won by L. T. Bradford of the Los Angeles Golf and Country Club at Del Monte. He defeated J. B. Price, Jr., in the morning, 4 and 3. Price received three holes handicap. In the afternoon Bradford, conceding E. B. Wickes the same handicap, won by the same figure—4 and 3. Both matches, however, were very close up to the last greens and he demonstrated his ability as a match player by tightening up and taking every advantage.

The tournament was a great success and has served to put the golfers on their mettle for the Washington's birthday tournament Saturday, Sunday and Monday.

In presenting the cup to the victor, Mr. Blithen expressed the hope that Mr. Bradford would be his personal guest at the Seattle Golf Club at an early date. Mr. Bradford accepted the invitation, promising to visit the Seattle club at its next tournament and to offer a cup for such competition as might prove acceptable to the club officials.

At Last.
WILLIE RITCHIE SETS THE DATE.
CHAMPION AGREES TO MEET AD WOLFGAST.

Fight Will Be Staged in Milwaukee—March 12—Ritchie Apparently Has the Advantage in the Weights—Cadillac Dutchman Hopes to Regain His Lost Title.

(BY DIRECT WIRE TO THE TIMES)
MILWAUKEE, Feb. 15.—[Exclusive Dispatch.] The much-talked-of Willie Ritchie-Ad Wolfgang match has finally been closed by the matchmaker of the Queensberry Athletic Club, and will be staged in the Auditorium the night of March 12. The local club has been after the two boys for some time past and Ritchie named the date today. The champion will come East in a few days and the chances are he will divide his work between here and Chicago.

This is one of the biggest matches that the local fans have ever had the opportunity of seeing, and the first meeting of the two boys since Ritchie won the lightweight crown from the Michigan Dutchman.

Ritchie will have to be at his best if he is to get away with a win-over Ad. Wolfgang has a couple of bouts scheduled before taking part in the big event and these will work him right up to the pitch for his chance at the lightweight crown.

The two boys have agreed to come in at 125 pounds at 4 o'clock, which will give Ritchie a slight drag in the weights.

SPEEDY BOXING BOUTS TOMORROW

After lying dormant for several years, the weekly amateur boxing bouts that were so popular in Los Angeles under the old S.C.A.C. will be revived tomorrow night at the T. M. A. Hall, No. 231 South Spring street, under the auspices of the Angeles Athletic Club. Strangely enough, the first card of ten bouts has been arranged by the former matchmaker of the Southern California Athletic Club, Billy Coe, once amateur champion of the Coast.

Coe will make every effort to keep strictly to the law in running amateur boxing matches. He has announced himself strongly against the practice of allowing professionals to compete under the guise of amateurs. He intends to comply with the spirit as well as the letter of the law.

The feature event of the first night's card will be held between Helme Boon and Walter Ehrhardt, bantamweights. The exhibition should be a caustic one, as both boys are considered the best in their class in Los Angeles and requested to be matched together, so that they might settle a long-standing rivalry.

Two club members, Max Hogan and Jim Morley, will act as the judges of the evening. George Blake, well-known referee, who is strongly in favor of the movement to restore the amateur game, will divide the refereeing with Jack Smith.

AMERICAN POLO FOUR VICTORS.

English Polo Team Snowed Under.

Bobby Neustadt Shoots Eight Goals.

Scores Five in a Row in One Chukchur.

(BY DIRECT WIRE TO THE TIMES)
SAN DIEGO, Feb. 15.—[Exclusive Dispatch.] Spectacular, clock-like team work and greatly superior ponies enabled the American polo team to defeat and even outclass the higher-rated English four on the Coronado fields today.

The Englishmen appeared almost helpless in the face of the marvelous passing of the Americans, who rolled up scores in a most surprising manner, humbling their rivals 18½ to 5.

Robert Goaling-Neustadt, lead forward for the American team, fairly glittered. He has attracted personal attention on the Coronado fields before as Robert G. Neustadt of Los Angeles, but nobody knew his middle name.

A REAL STAR.
Now they have it so they cannot forget it. They got it in the seventh chukchur when he goaled five times, the only counters of the period, and they wrote it down when they saw his total of eight. There is no denying that it was the splendid team work of those behind him that afforded the chances, but there is likewise no doubt that Mr. R. Goaling-Neustadt was a grand little finisher of the things they started.

Frederick McLaughlin, at No. 2, passed the ball up with a precision and neatness beyond description and converted a brace of five goals besides.

The real mainstay of the American clockwork, however, was C. Perry Beadleston, the No. 3. He was the player who got out the ball and shot it ahead in a very large percentage of the successful advances. He had full leave to play the position to its greatest advantage, for back behind was Carleton Burke, giving his goal a superb defense. No surer defensive work has been seen on the fields in years than that put up by Burke today.

TEAM-WORK.
This almost perfect balance of the American team, which allowed each player to give his full attention to his own particular work with assurance that each of the others would be doing his, and the fact that each man was excellently, swiftly and evenly mounted made the four worth a great deal more than their total handicap rating of 16.

The Burke and Neustadt ponies have become famous for their training and speed. Burke also mounted McLaughlin. Beadleston had his own recently-purchased ponies and choice from the stable of Walter Dupes. International teams have very little better mounting than did this American team. Muggins, on which Neustadt did some of his greatest work is one of the finest ponies ever seen here.

But the pony trouble was not all with the English team. O. A. Critchley, who was cast in the line-up at No. 1, seldom plays as a forward, being primarily a No. 2 or back. With Burke able to outdrive him on every attempt at a follow down field, Critchley was wholly unable to show his natural ability.

PONIES EXCEL.
The value of ponies was most strikingly shown in a comparison of Critchley and Neustadt today. The fact that Critchley was cut out of his regular position must be remembered, yet his rating of two goals better than Neustadt would entitle him to hold his own were the two evenly mounted.

Today Neustadt was seven goals better than Critchley, although, of course, this would be discounted by the fact that opportunities were passed up to Neustadt that never came to Critchley. Hugh Drury, who usually scores the greatest number of goals of all, was stripped of power today, so completely as to cause wonder.

Lord Innes-Ker, the highest-rated man on the field, could not get results from his No. 3 position and Maj. Colin G. Ross, the usually impressive back, was quite unable to break up the accurate passing of McLaughlin and Neustadt. The English team has a handicap rating of 19 goals.

The line-up:
America—Robert Neustadt, Frederick McLaughlin, C. Perry Beadleston, Carleton Burke, back.
England—O. A. Critchley, Hugh Drury, Lord Innes-Ker, Maj. C. G. Ross, back.

The score:
America—Neustadt, 8; McLaughlin, 5; Beadleston, 3; Burke, 1; penalty, McLaughlin, foul. Net score, 16½.
England—Critchley, 1; Drury, 1; Innes-Ker, 1; penalty, Drury safety. Net score, 2½.
Referee, C. S. Lee.

KEEPS TITLE.
PHILADELPHIA, Feb. 15.—[By A. P. Night Wire.] C. Hutchins of Boston won today the singles squash racquet championship of the United States by defeating H. A. Haines of Baltimore three games to one.

Claire Goodwin.
Bone of contention between Coast and Federal leagues, who may innocently have precipitated another baseball war.

BERRY DECLARES WAR ON FEDERAL LEAGUE.

Throws Down Gauntlet by Signing Goodwin, Riding Rough Shod Over George Stovall—Will Raid Feds if They Continue to Tamper With His Players—May Mean Independence for Coast League.

BY HARRY A. WILLIAMS.
HENRY BERRY, president of the Los Angeles club, yesterday threw down the gauntlet to the Federal League—and to organized baseball, also, if the latter fails to back him in his action.

Berry signed up Claire Goodwin, riding roughshod over the Federal League, with whom the young second baseman had already accepted terms. This was a bold and decisive action, far-reaching in its possibilities for baseball warfare, and may result in a case which the courts will be forced to settle.

It corresponds almost exactly with the case of William Killmer, catcher of the Philadelphia Nationals, who signed with the Federals and then repudiated his contract by signing with the Phillies, and which threatens to take the eastern wing of organized baseball and the Federals into court.

Berry is baldheaded and jovial, and has a most pleasant disposition until he is rubbed the wrong way, but he is a whirlwind for action when pressed to the fighting point.

"Unless the Federals lay off of the Los Angeles club I will fight them from every angle—and beat them. Let them carry this case into the courts if they want to," declared the chunky magnate.

MAY BECOME OUTLAWS.
Unless the National Commission backs Berry in this action it may result in an open rupture between the Coast League and organized baseball. The Coasters are in a position to break away, and "paddle their own canoe."

The actual signing of Goodwin by the Los Angeles club was done Saturday by "Boots" Weber, secretary of the Angels, and special emissary dispatched by Berry to imperial with full power to treat with the erring player.

Weber returned with Goodwin's signed contract. George Stovall left here Saturday after announcing that Goodwin had signed with the Federals, and accepted advance money. He believed that the player was sewed up tight.

Here are the events leading up to the controversy: Goodwin was mailed a contract by Berry calling for a raise of \$25 a month over what he received last year. He returned it with the written explanation that he wanted more money, and named the terms on which he would sign. Berry accepted these by wire the same day.

This correspondence, in effect, was a contract between the two, and in baseball practice is respected as a contract.

GOODWIN TEMPTED, FALLS.
In the meantime Stovall was busy trying to get Goodwin, and, with the assistance of Bill Kenworthy, succeeded in getting the player to accept terms. He also sent advance money to Goodwin to the amount of \$300. This, of course, will be returned to him.

Goodwin, being young, was easily influenced, and is said to regret his action. He is now eager to remain with Los Angeles.

"If the Federals make another move to get Goodwin, or tamper with any of my other players, it will be war between us. I will begin raiding the Federal League, and for every player they take from me I will take one of their best ones."

The Coast League is in a position to be independent, and the fight between the Federals and the majors is not a great deal of our concern. We are in a position to go it alone if necessary. All that we ask is to be left alone. There is more real money back of the Coast League today than is behind the Federals.

To a man on the sidelines it would appear the part of wisdom for the Fed to keep hands off the Coasters. The majors are giving them about all they can attend to. If the three big minors, the Coast League, the American Association and the International League begin an aggressive warfare against the Feds, Gilmore's organization will stand about as much show as a fly in a molasses factory.

MERCEDES AND MASON RACERS ARE OUT TODAY.

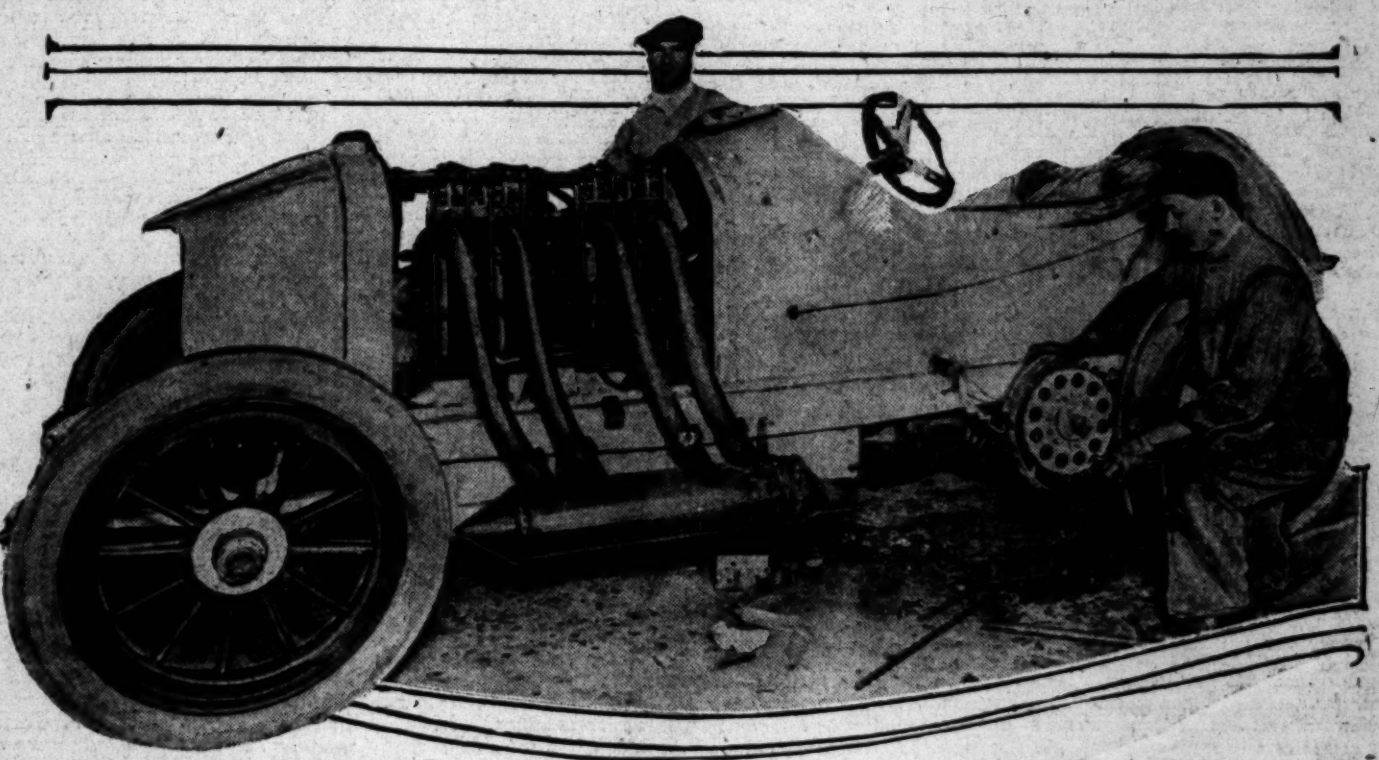

BY AL G. WADDELL.
SPEED is promised at Santa Monica this morning. All the Vanderbilt and Grand Prize racers are to be out with the exception of Mrs. L. K. Northam's De Lage.

The two Masons, entered by S. A. McKee and Mack Sennett, arrived from Des Moines Saturday afternoon and the drivers, Dave Lewis and Bill Carlson, are to have them out for the first time today.

De Palma's Mercedes was unloaded shortly after 1 o'clock yesterday morning and towed to the Moreland factory on North Main street, where a corps of mechanics and the driver worked on it until late last night.

At noon yesterday De Palma did not expect to be on the course until Tuesday morning, but with the help of John Stinton, Moreland's machine foreman, who is to act as head mechanic for De Palma until after the races, the car was prepared for the speedway by midnight, and De Palma told a group of friends that

(Continued on Third Page.)

Ralph de Palma's Fast Mercedes.

CLINE LOOKS LIKE CHAMPION.

Should Capture Title at San Gabriel Club.

Big Riverside Tourney Later in the Week.

Finals in Ladies' Tourney This Morning.

BY ALMA WHITAKER.

It looks more than probable that George Cline is to be the new club champion at the San Gabriel Country Club. He defeated Robert L. Tatum in the semi-finals yesterday by 2 up and 1, and was showing the sort of determined, indomitable golf that wins tournaments. Tatum was 1 up at the twelfth, but drove into the wash, missed his ball, picked it up, dropped it in a worse position, and so far spoiled his temper and his nerves as to irrevocably dim any further brilliancy.

The other semi-final match is not yet settled. It is between W. Harper, who returns with the aid of a cup from the Los Angeles Country Club tournament, and George E. Potter. The latter defeated Jacobs, the hero of Hugo Johnston's downfall, by 2 up and 1. Oh, dear! Should Harper prove the other finalist he will give us the most serious battle, but enough Potter might conceivably beat Harper, he is regarded as incapable of beating Cline. It is, I believe, a matter of temperament rather than golf. At all events I am quoting the opinion of a gentleman who studies these things very seriously. Anyway, Harper defeated Frank Wade and Charles Alkire, besides showing off at Beverly.

The Other Flights.

William Meade Orr won his match from Jack Howard by 2 up and 1 and will now enter the senior tournament at Annandale on Wednesday with confidence. V. Post won his match from E. Howard by 3 and 1. T. E. Jefferson defeated Robert Devereux by 4 and 6—leaving one more second round match to be settled in that second flight.

In the third flight William Mackie won from J. M. Crampton by 4 and 1, and will meet R. J. Bradner in the semi-finals. Bradner won from McAdler 6 and 5.

C. W. Hackler only just managed to beat C. H. M. Tobey by 1 up at the nineteenth, the latter playing one of the best games he has ever played in the last half when he recovered from the dispiriting position of 2 down at the ninth.

J. C. Stockwell won his match against Allox by 2 up.

In the fifth flight Mr. Hammond will play the winner of the Whaley-Keeper match.

The Defeated Knights.

These vanquished knights include nearly all the former stars and have thereby become thoroughly aristocratic. Frank Dillon defeated E. Seales by 6 up and 5 and new meet Klueberger, who defeated Harry Cole 3 up and 1. In the Lincoln birthday cup competition with 2 down to par, Bartor rears. Clothes certainly make the golfer. All our champions have been well-dressed, well-groomed, personable souls.

Shirley R. Burns was the other contestant for first place in the event. She, too, achieved 3 down on the handicap. Bacon, Nettleton and Jergens tied for second place with 3 down on 3, ten and seven handicaps, respectively.

The third defeated eight in the club championship has reached the stage where Dr. Stoner, who defeated N. B. Carter 7 up and 4, will play Wallace, who best Wharton 3 and 2. Hugh Purcell won from Judd by default and plays the winner of the Perry-Hartford match.

The fourth defeated eight in the club championship has reached the stage where Dr. Stoner, who defeated N. B. Carter 7 up and 4, will play Wallace, who best Wharton 3 and 2. Hugh Purcell won from Judd by default and plays the winner of the Perry-Hartford match.

Lulls and Storms.

We are supposed to have an interval in which to relax this week prior to hieing us to Riverside on Friday night for the Victoria Club invitation tournament which opens on Saturday morning. But the hill with he broken by the senior tournament at Annandale on Wednesday, which is exclusively for gentlemen who don't mind acknowledging fifty years and over. There comes a time in the lives of both men and women when they like being regarded as remarkable old people, but I surmise that fifty is twenty or thirty years too soon for that stage to arrive.

And if we are to have rain it is to be hoped the storm will spend itself before the week end. Riverside had its tournament in the days last year. Of course, the rain doesn't really spoil the fun at Riverside, only the golf. And a very large part of the charm of Riverside event does not depend upon the golf at all.

Here Are Ladies.

Mrs. J. V. Elliot and Mrs. E. T. Perkins are the finalists in the women's invitation tournament at Annandale Country Club and they will play the finals this morning.

Mrs. Perkins of Chicago defeated Mrs. Herbert Munn by 4 up and 3. Mrs. J. V. Elliot of the Midwich defeated Miss Katherine Mellus, 3 up and 1.

Miss Katherine Mellus is, however, three times a prize winner, for she was best in the driving contest, in addition to the match play against bogey on Friday. She drove three balls, 110% yards, 203 yards and 190 yards, respectively. And she also won the association prize for the best choice score over two rounds of eighteen holes.

Mrs. George M. Field of San Fran-

Jack Jevne.

Winner of the golf tournament at the Los Angeles Country Club, in which he defeated the long-invincible E. S. Armstrong by 5 up and 3. He is also the champion of the club and the captain of his team.

A Good Move.

WOLVES BECOME FARM FOR DETROIT TIGERS.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Feb. 15.—(Exclusive Dispatch.) The Sacramento club has formed an alliance with the Detroit Tigers, and is now in a position to exchange players to the American League. Lloyd Jacobs, part owner and secretary of the Wolves, is a visitor in town and gave out the news. He says that Detroit has promised to furnish a second baseman to take Kenworthy's place and that more talent can be secured for the Wolves.

"We are in the same position now as McCredie and Ben Berry with their working agreements with the Cleveland and Washington clubs, respectively," explains Jacobs. "The Tigers are situated so that they can help us a lot, and in return Harry Wolverton expects to send them a lot of promising young players. Portland has been pretty successful in getting hold of class AA players from

Cleveland. Of course, McCredie is forced to give up every year, but as we all are subject to draft, and if we tie up with a club that will help us I think we have made a good move."

Jacobs declares that Manager Wolverton is whipping the affairs of the Sacramento club into shape, and is about ready for the training season to commence. Outside of Kenworthy, who has jumped to the Kansas City outlaws, every player except Pitcher Munnell has been signed. Munnell is holding out and it has been whispered around that he is drifting with the Federals.

The Wolves have a number of highly recommended youngsters and Wolverton is counting on developing some talent. "Sacramento has strengthened up a lot, but we are not claiming any pennants at this time, for it looks as if every club in the league will be stronger," continued Jacobs. "Still, we are satisfied with the line-up and are looking forward to the start of the baseball season."

Vanderbilt and Grand Prix.

SOLVES SPEED PROBLEM FOR SANTA MONICA RACES.

SPECTATORS AT THE VANDERBILT

and Grand Prix races are to be given a special opportunity of judging the speed of the cars through the courtesy of William B. Ruess, Pope-Hartford agent. Cards have been printed giving the average speed that is possible and the time in which a lap must be finished in order to equal that average.

The cards show that if the course is circled in a certain time the driver making that time will have averaged a certain speed and with one of these cards in your possession you can tell how close the leaders are coming to a new world record. The card is started at the sixty-eight-mile-an-hour average and runs to ninety-one miles.

cisco is the winner of the putting and approaching contest.

The mixed foursome, for which there was a large attendance and actually several male wallflowers, was won by Dr. George H. Bentley and Mrs. Herbert Munn. Mrs. McLaughlin and Clyde Graves came second.

All sorts of interesting people turned up for the foursome, including Hugo Johnston, who played with Katherine Mellus; Morris Phillips, who played with Mrs. Dudley Fulton; R. L. Tatum, who played with Mrs. Marinton; Will Bacon, who played with Mrs. Perley, and E. N. Wright, Carlton Wright, Joseph Ball, Lincoln Clark, Dr. Guy Cochran, Charles Alkire and A. A. French, were among the masculine beaux who were not allowed to be wallflowers.

The tango dinner in the evening, together with Rector as an exhibition feature, concluded a most successful day.

MICHIGAN AGGIES JUMP INTO LEAD.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 15.—Michigan Agricultural College, with a score of 93, took the lead in the sixth match between colleges and universities in the sectional rifle-shooting championship, the results of which were announced today. Massachusetts Agricultural College, Minnesota University and Iowa State University were tied for second place.

In the second division the lead was won by the Washington State College, with a record class score of 96, and Cornell University and United States Naval Academy were tied for second place. Other results: Class A—Norwich, 937; California, 921.

Class C—Arizona, 831; vs. Pennsylvania State, defaulted.

TIGERS MAY GO TO AUSTRALIA.

Ed R. Maler, president of the Venice club, is contemplating taking the Tigers to Australia next fall.

The article in Sunday's Times regarding baseball conditions in Australia impressed Maler with the possibilities of the same there.

He will arrange a conference with Snowy Baker and find out what inducements could be made for such a trip.

TRACK RECORDS ARE SMASHED.

Berkeley Women Remarkable Athletes.

Vassar High Jump Mark Is Bettered.

Miss Jackling Captures Two Records.

(BY DIRECT WIRE TO THE TIMES.)

BERKELEY, Feb. 14.—(Exclusive Dispatch.) With three Vassar records shattered and a summary of remarkably good times for the sprints on a circular track, the first women's track meet ever held in the West was finished late this afternoon on the California campus. Miss Francis Jackling, a senior student registered from Berkeley, now holds two women's college records—the shot put and basketball throw. Miss Louise Sheppa, of Pacific Grove, added two-fifths of an inch to the Vassar high jump record, thus bringing to the West the honor of holding the best high jump records for both men and women.

Miss Jackling put the eight-pound shot 34 feet, 1-8 inches, breaking the former record by three feet. But the record which deserves greatest attention is the mark made by this athletic young lady in the basketball throw. She added 19 and 1-2 inches to the Vassar record of 72 feet. This record will undoubtedly remain safe for a while, unless it is broken by Miss Jackling, and there is a prospect that this may be done.

NEW RECORD.

Miss Sheppa, who is now holder of the women's high jump record, cleared the bar at 4 feet, 2-8 inches. Miss Sheppa has all of the snap and spring needed to make a variety leaper, and, given a better take-off for the jump, she would have added several inches to the height.

The races were closely contested and bleacher enthusiasm was high. Various sprints and end races revealed small routing sections, and the air was wrought with cheers for Jennie and soprano tigers for Boas. When the dashes were contested, the crowd roared out themselves, but, unable to keep union in their cheers, broke into cries of "hurry, hurry, hurry," "oh dear, can't you run faster, Grace," and "run, Lizzie, run."

The summary of events follows: The 50-yard dash—Gwendolen Gaynor first, Alcesta Lowe second, Albert McNeely third; time, 15-5-6. The 100-yard dash—Gwendolen Gaynor first, Alcesta Lowe second, Albert McNeely third; time, 35-4-6. The 200-yard dash—Gwendolen Gaynor first, Francis Jackling second, Louise Harvey third; time, 17-1-4.

The 300-yard dash—Francis Jackling first, Carrie Weston second, Clara Goodlow third; distance, 34 ft. 1-8 in. The 400-yard dash—Francis Jackling first, Lorena Buck second, Gwendolen Gaynor third; distance, 12 ft. 1-8 in. The 500-yard dash—Helen Hopkins first, Louise Sheppa second, Zella Eddie third; distance, 4 ft. 8 in. The 600-yard dash—Anita Maddox first, Albert McNeely second, Louise Sheppa third; distance, 12 ft. 1-8 in.

The 700-yard dash—Louise Sheppa first, Clara Goodlow second, Maud Russell third; height, 4 ft. 2-3 in. The 800-yard dash—Maud Russell first, walking race, 100 yards—Helen

Class to Burn.

MANY SCRAPPERS WORK OUT AT JACK DOYLE'S.

A L NORTON and Kid Kenneth, rival light-heavyweights, tried to scare each other to death out at Vernon yesterday afternoon before a big crowd of about 1000 fans.

Each man did his damndest to knock out his sparring partners. Kenneth especially being about as gentle as Jim Flynn or Stanley Ketchell in the palmiest days of their "knock-em-dead" careers.

Kenneth impressed the fans as very much on the Jim Flynn order. His knowledge of the science of boxing appears to be very limited, but he carries an anesthetic in either hand and starts his wallop from the water bucket.

Vic Hansen, a well-known middleweight from the Rocky Mountain region, was victimized by Kenneth for three rounds and appeared about as happy as if he had sat on a hornet's nest. He managed to escape utter annihilation only by the speediest kind of dodging.

Norton, who is better known to the fans through his boxing with Jimmy Clabby, boxed a couple of rounds apiece with Nick Zoni and Bill Hoyt, and showed much of the stuff that made Jim Corbett famous. He had Hoyt on the verge of a siesta in the first round. Norton apparently, is in grand condition.

Aside from the two heavyweights about every other young man who ever had a pair of gloves on his hands and a few who apparently never had seen gloves before, took occasion to display his ability, or lack of it to the fans.

Babe Picato and Frankie Gage each waltzed a few rounds, eying each other with all the friendliness of a couple of back-alley fellows. Gage displayed all of his old-time fervor with his deadly right, while Picato worked out a couple of rounds with brother Charles.

Danny Lyons and Battling Chico, two more future opponents, worked out a couple of rounds in an impression. Lyons displayed much class in his work-out with Solly Burns and should put up a great battle against Chico.

The Mexican bantam took on a couple of clucky contenders who answered to the names of Young Langford and Kid Comeback. Aside from their names, the two "coulter gemmen" had little to make them

COACH WRAY WILL STICK.

(A. P. NIGHT WIRE TO THE TIMES.)

CAMBRIDGE (Mass.) Feb. 15.—Coach James Wray of the Harvard crew has signed a contract for another five years, the athletic council announced tonight. Under Wray's handling Harvard has won the last six varsity races from Yale.

McDonald first, Isabelle McCrackin second, Elizabeth Baker third. Three-legged race—won by Glennie Gard and Zella Eddie.

The 100-yard relay race—won by freshman class. The sophomores won the meet with 34 points, freshmen, seniors and juniors following.

Popular Programme.

LOS ANGELES ORCHESTRA.

ARTISTIC SUCCESS OF SUNDAY CONCERTS' REVIVAL.

Oiga Steeb Received Enthusiastic Reception as Pianist Soloist—Mlle. Yvonne de Therville Arrives Here from Brilliant Professional Tour of Hawaiian Islands.

BY HECTOR ALLIOT.

Phoenix-like, Sunday popular concerts have returned to life.

If the initial performance is a sample of what the new Los Angeles orchestra is to give in future, the new organization is worthy of enthusiastic support.

The enterprise is based on the drawing quality of Maestro Eduardo Lebeque's musicianship. For several seasons, this Cell-Latin, who seems to possess to a high degree the happy combination of musical qualities of the two races, has been a favorite here. His conception of what constitutes an entertaining programme for the general music-loving public was well demonstrated in the past.

His long experience as grand opera conductor of a company, not always blessed with large resources, gave him a priceless experience in negotiating successfully, orchestral difficulties.

He conducted yesterday with brilliancy a new crew of musicians and a very acceptable Weber's "Euryanthe Overture," which contains most of the building themes of the great composer's opera.

Ponchielli's "Dance of the Hours," the favorite ballet music of "La Gioconda," was played to the evident delight of the audience. "Minstrel," a charming little tone composition for strings and harp, a recent work of Alexander Karabene, a young German musician, member of the orchestra, was equally well received. As a balance, Rameau's "Ragodon" from the opera, "Dardanus," came to give a ray note of a dance, which was in great favor, in the early years of the eighteenth century.

"Meisterlanger's Prelude," a great and dignified composition, one of the most impressive works of the master, closed successfully the orchestral part of the concert.

Oiga Steeb was the soloist, and accompanied by the orchestra, gave one of her best renditions.

The enthusiastic applause, flowers and recalls, induced the young artist to give two encores of extreme difficulty, especially the second.

Without notes or preparation, Miss Steeb played in a most convincing manner the delicate Liszt-Paganini

REDUCTION DATES IDES OF MARCH.

RATES OF LONG-DISTANCE CALLS CUT DOWN A TENTH.

Business and Love to Benefit by Lower Cost of Talking—Regional Bank Service Will Be Bettered by Good Wire Connections—Million Dollars Annually Saved.

The effective date of the reduction in long-distance telephone rates is March 21, by agreement, recently announced, with the Pacific Telephone and Telegraph Company, instead of today, the date originally set by the regulatory body.

Telephone men are not in accord on the saving to persistent telephone users as a result of the 10 per cent reduction in toll charges. The estimates, however, run from \$750,000 to \$1,500,000 yearly for the State. Business interests will probably absorb the major portion of the saving, perhaps 60 per cent of it.

But the fond lover must not be forgotten. Linger around any toll-station or, better, arrive at an amicable understanding with a toll-line operator, and you will be pleasantly surprised. If of a sentimental nature, at the volume of tender missives which go pulsating nightly over the wire from here to distant parts.

There is billing and cooing aplenty and the question is "popped" nightly by sighing swains. Imagine, therefore, the increase in the gross percentage of "putting" of the "fateful question" when you can negotiate it at 10 per cent below former prices.

When Secretary of the Treasury McAdoo and Secretary of Agriculture Houston of the Region Bank Committee were here they asked persistently about telephone service and rates between here and San Francisco, which city, in all probability, will be the location of the Pacific Coast regional bank.

"Is telephone service good, are rates low and acoustic powers good?" asked Houston of President Fishburn of the Clearinghouse Association. "The telephone, as you know, is a mighty power in securing fluidity of currency and we ask the question, not in a spirit of minute inquiry, but because instant and cheap communication with a regional bank center is of importance."

Fishburn answered the questions in the affirmative, but he would have been able to shade it to the emphasis if the new rates had been in effect, for the telephone men assert that reduced rates will mean a betterment of service to keep pace with the increased needs which lower rates will create.

Placing of contracts cheaply and effectively will be the result most assuredly obtained by the lowered rates. The telephone message has been used and always will be used in important business contracts because the black

and white of the message obtains credence in the court of law, but in the expeditious transaction of smaller business or in the preparatory to larger business the telephone will always have the "call." Lower rates will therefore be appreciated and increasingly so.

Newest, Most Fashionable Merchandise for Spring

Each day sees spring stocks augmented with all that is newest, most fashionable, most desirable in high-class merchandise, at Coulter's. Practically every express brings in additional new things, to fascinate every woman who delights in keeping abreast (or a little ahead) of fashion's tendencies.

While price is a consideration second to quality, many of our customers have expressed themselves as highly gratified at the reasonableness of the figures we have placed on this new merchandise—of which we invite your inspection.

Choicest Spring Silks Will Delight Women

There can be no longer any doubt as to what will be most favored in silks for the coming spring and summer. Our assortments accurately reflect style-trends, in the following, and many other silks which do not get mention:

Crepes de Chine —40 inches wide; in every preferred shade, as well as black and ivory \$2

Crepes de Chine —in 46-inch width—note that: shown in fashionable new colorings, at \$2.50

Satin Charmeuse —45 inches wide; suitable for gowns or foundations; shown in evening shades, at \$2.00

Cascade Crepes —40 inches wide; in all colors, black and white, also ivory; this is a new weave which will enjoy great popularity \$2.50

Crape Japon —absolutely new this season; choose from practically every shade in this handsome material, at \$3

Chiffon Satin —a satin surfaced silk in great demand for gowns or waists; 40 inches wide, at \$2.50

—Silk Section, Broadway Annex—

Latest Models in Rengo Belt Corsets Here

Any woman who makes the least pretense of keeping up with the styles, must realize that last season's corset won't "do" for this season's gowns or suits, if latest figure lines are to be preserved. And the woman who knows, will make her selection, in all probability, from these wonderfully popular Rengo Belt models, just received by us:

Discontinued Models Reduced

As factories bring out new models, they discontinue the manufacture of those that have gone before; these, no matter how popular they may be, or how stylish, we cannot re-order, so we close out all accumulations, and discontinued styles, in Rengo Belt and Majestic makes, representing corsets which formerly sold up to \$3.50, at \$2.50

—Corsets, Second Floor—

Dainty New Wash Materials

Each year wash fabrics grow daintier and more like their vastly more expensive silk prototypes. The wash goods already received have met with remarkable favor among those women who are looking them over, and buying generously:

New Grenadines —printed designs on white grounds; 27 inches 35c

Crape Voiles —36 inches wide, solid colors, self striped in fancy weaves; all new 50c

Ratines —in summer weights; 42 inches wide; colored embroidered dots and figures; real importations, \$2

New Rough Materials —similar to ratine; a woven colored stripe and embroidered effect upon white grounds; 27 inches wide 50c

Imported Crepes —embroidered on white grounds, with colors, in various smart designs; 40-inch width \$3.50

Rice Cloth —solid colors of newest shade 35c

—Wash Goods, Rear South Aisle—

—Waist Section, Second Floor—

Spring Millinery Arrives Daily

Already, scores of women are choosing spring millinery from the smart models shown here; prices are so reasonable, styles so becoming, and varieties so wide, that in the majority of cases, all that is necessary to sell these chic hats is to display them.

Adequate description is, manifestly, impossible; you will see uncommonly clever styles for street and semi-dress wear; close-fitting shapes in Nattier blue, tete de negre, prunelle and the extremely voguish black, in scores of variations.

—Millinery, Main Floor—

Little Folks' Apparel Reduced

You will find among the following an opportunity to outfit your little people at a worthwhile saving, simply because assortments are incomplete as to size ranges or color designs:

Pique Coats —trimmed with embroidery and hand-scalloped; for children of two to six years; these coats sold formerly from \$1.25 to \$10; now we reduce them to 95c to \$7.50

Pasadena.
FORTY-NINER
PASSES AWAY.William Turner Dies at His
Alhambra Home.Dickens Dinner a Novelty
for Hotel Guests.Secretary Redfield Is Due to
Arrive Wednesday.

PASADENA, Feb. 16.—William H. Turner, who came to California in '43, and who was one of the best-known pioneers in Pasadena, died early yesterday morning at Alhambra, where he and Mrs. Turner have made their home for the last year or so. He was 77 years old and death was caused by pneumonia, from which ailment he had been suffering for eighteen days. His condition had improved and it was believed by his family that he would recover when he suddenly had a change for the worse and death came quickly.

He was a native of Illinois, but for many years before he came West was a farmer near Marshalltown, Iowa, so that he practically looked upon Iowa as his home State. He returned to the East three times, but having once had a taste of the climate here he could not resist the impulse, as he used to say, to come back to the Pacific Coast.

Turner leaves, besides a widow, one daughter and four sons. The daughter is Miss Pearl Turner, who lives with her mother in Alhambra, and the sons are Thomas Turner of Iowa, who arrived here only a few days ago; L. H. Turner of the undertaking firm of Turner & Stevens of this city; Floyd T. Turner of this city; and Fred A. Turner of Alhambra.

The funeral services will be held at the chapel of Turner & Stevens here at 11 o'clock tomorrow morning. The body will be taken East for burial.

EAT LIKE DICKENS ATE.
Probably no greater pains have been taken with any dinner served in Pasadena this winter than one served at the Hotel Green last Saturday night, which was called a Dickens dinner. It was a dinner that might have been prepared eighty

years ago and placed in some place for safe keeping and then brought out to be served in the twentieth century—only the food tasted better than it would had that been the case. The bill of fare was arranged by DePutron Glendon, the host, and he copied an old bill of fare of the day to the smallest detail. His sixteen guests sat at one long table, which was laid in the Sierra Madre room, and the dishes were passed along as they were in Dickens's time for each guest to help himself. There was a joint of beef, carved on a side table. Butter did not appear on the table at all. Cheese was there in its store. The table was laid with a white table cloth and the room was illuminated with candles, placed in a row in the center of the table. Two old English pictures were hung, one at either end of the room.

Those present were: Mmes. F. de Ojeda, Mrs. Harry Green, Mrs. Thomas Mavor, Mrs. Nadine de Ojeda, Mrs. Yvonne de Ojeda, Mrs. Aurelia Wherry, Miss Wanda Paddock, Miss Bettine Paddock and Messrs. Harry Green, Thomas Mavor, F. C. DePutron, J. N. Van Patten, Louis Sands, W. E. Marble and J. Lair Brown.

A BUSY WEEK.
Society's calendar is full for the coming week and all the days before the beginning of Lent. Ash Wednesday falling this year on February 25. Three of the noteworthy functions are for charity, the day nursery being the beneficiary of two of the prettiest affairs.

The first of these, an informal tea, will be held this afternoon at the day nursery on Worcester avenue, when Misses Elizabeth Stone, Cora Aulen, Gladys Gardner, Theodora Robbins, Margaret Shook, Genevieve Stehman and Mrs. Robert Gardner Neustadt will act as hostesses. The second will be a tea d'antiquaire tomorrow afternoon at the Hotel Green. This will be a gay affair, with exhibition dancing by professionals and scores of the younger society set will participate in the dance. Refreshments will be served during intermissions. Tea will be poured by Mrs. P. L. Aulen, Mrs. George Gregory, Mrs. H. I. Drummond, Mrs. Roy Pierce, Mrs. Harry Gray, Mrs. Charles Eaton, Mrs. John McWilliams, Jr., and Mrs. Robert Pitcairn, Jr. There are also to be a number of flower girls, which parts will be enacted by Miss Lucy Soper, Miss McKelvie, Margaret Dyer, Miss Gleana Green and Miss Grace Greenwood.

Tuesday evening society will be held this afternoon at the Huntington Hotel when the directors of the William Scripps Home for the Aged will have an auction bridge and five hundred party, to be followed by supper dance. As this gives an opportunity for varied entertainment there will be a large number present.

This evening society will be at Clune's (Pasadena) Theater for the second of the star events of the Phil-

harmonic course, when Yvonne de Treville, the coloratura soprano, makes her first appearance in Southern California.

Other noteworthy functions are the dance to be given Wednesday evening by Mr. and Mrs. G. Lawrence Stimson at the Alhambra Country Club, complimentary to Miss Janie Stimson, who made her bow to society last week; the wedding of Miss Madeline Binkley and Joe Goss at the Church of the Angels Thursday, followed by a large reception at the home of the bride's grandparents; and Mrs. C. W. Leffingwell of San Rafael Heights; the jungle dance at Hotel Green Friday evening; a large auction bridge party at the Valley Hunt Club Friday afternoon, given by Mrs. Phillip L. Aulen of North Madison avenue; a colonial costume dance at the Valley Hunt Club Saturday evening, when the minut will be danced, and many smaller affairs. Many Pasadena society people attended the reception given Wednesday afternoon by Mrs. Norman Bridge at Los Angeles. Several small functions were postponed because of this larger event.

TO COME WEDNESDAY.
Word was received here yesterday that Secretary W. G. Redfield of the Department of Commerce will arrive in Pasadena next Wednesday. He has made reservations at the Hotel Maryland.

The Board of Trade has been awaiting word of the Secretary's arrival, and has been waiting for him to be learned about his plans. No arrangements have yet been made to entertain him, but steps toward this end will probably be taken today.

A HARD ONE TO TAKE.
Claud Knight, lunatic, who escaped from Patton a short time ago and for whom the State officers have been searching since, was again taken into custody here Saturday night, but it required four policemen to get him to the jail in an automobile.

He has a mother who lives at No. 833 Sunset avenue and she, hearing that he was in the city, and becoming frightened, notified the police. A queer coincidence was that when the call was received there were several members of the police department at headquarters and they were discussing the tussle they had had with Knight when they arrested him once before.

They started out immediately and soon found him on the street. Sgt. Reynolds and Patrolman Shelton, Hayes and Rogers persuaded him peacefully to get into the police automobile, but on the way to the station he attempted to leap from the car. The man is powerfully built and has the reputation of having whipped eight men in Bakersfield. He was taken to the County Hospital.

Hotel Vista del Arroyo, Pasadena. (Advertisement.)

San Bernardino.
SHOW OPENS
WEDNESDAY.Fourth National Citrus Ex-
position Is Complete.Thursday Los Angeles and
Press Are Honored.Three Fires Arouse Suspensions
of the Police.

SAN BERNARDINO, Feb. 15.—Three million aristocrats of the citrus fruit world will on Wednesday afternoon go on dress parade for the admiration of the thousands of tourists and Californians who will for more than a week be here to view the beauties and wonders of the Fourth National Orange Show.

The Orange Show city is already in gala attire for this annual event, which this year has expanded into an exposition of twice the size of last year's show, and having a floor space for displays of more than 115,000 square feet. The great show this year is housed in four immense tents, two of the finest exhibition tents in the country being included in the number.

The displays which come all the way from Fresno, Lindsay, Strathmore, Exeter and Kern county on the north, to San Diego on the south, beside displays from east of the Rockies, are more numerous and far more elaborate and expensive than in the previous year of the National Orange Show. The golden fruit is woven into all sorts of fantastic forms and with aid of many colored electric lights creations are wrought that are most beautiful to the eye.

The great California citrus industry will be on parade, an object lesson at a glance of what this golden apple of the Hesperides means to California as a revenue producer. Not only the fruit itself will be shown, but the by-products and other features of the industry.

The programme for the eight days of the show is a crowded one and it is expected to attract daily crowds from all parts of the southern end of the State.

Wednesday is the opening day, the gates being thrown open at 2 o'clock in the afternoon. In the evening at 8 o'clock the opening ceremonies will be held, brief addresses being made by men of prominence from all parts of the State. President A. G. Kendall presiding.

Visitors to the show will have plenty of entertainment all through the week in addition to admiring many and attractive displays.

Thursday is Pasadena and Los Angeles county day. The California Press Association and the Southern California Editorial Association will spend the entire day here, the Los Angeles Chamber of Commerce will bring a special train, and the Pasadena Chamber of Commerce will bring a special train, and the Pasadena Chamber of Commerce will bring a special train.

Friday will bring in a special trainload of people Saturday, as will also Upland, while the entire west end of the county will turn out.

The show will be open Sunday with sacred concerts both afternoon and evening and hundreds of auto parades from all over the State will come.

Monday is Victor Valley day, and a special train will bring the Victorians and Victor. It is also Fontana, Cucamonga, Etiwanda, Rialto and Bloomington day.

Tuesday the Long Beach Chamber of Commerce will bring a special train, and the Long Beach Chamber of Commerce will bring a special train.

Wednesday is home and closing day for the show. It is estimated that not less than 100,000 people will see the show this year.

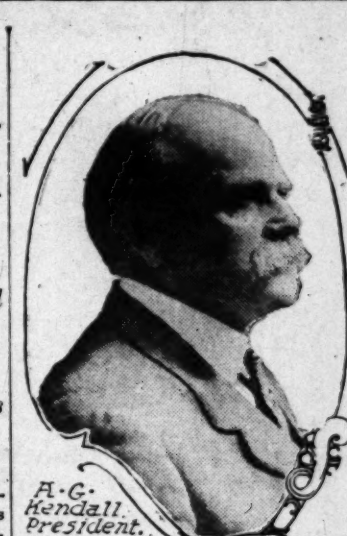

MYSTERIOUS FIRES.
Whether it was the work of a firebug, or whether they were all accidental, has not yet been determined, but three fires inside of two hours, at a late hour last night, kept the fire department on the jump and came near starting two serious conflagrations in the business district.

The stables belonging to the Dobson brothers, 210 N. Main street, were burned first, causing a loss of close to \$100. One horse was burned, beside several tons of hay and other stuff. One horse escaped with its rope blazing, it having been burned off. Several wagons were also saved. This latest case made its appearance in a pile of boxes in the rear of the H. R. Bohner music house, but caused no damage.

KILLED BY TRAIN.
The lifeless body of a man believed to have been Thomas Joseph Corcoran of No. 322 East Fortieth street, New York, was found at midnight at the west end of the Santa Fe yards at Victorville. His head was crushed and the conditions of the body indicated he had been dead several hours. At first it was believed the man had been murdered, the body being placed in a box and sent to Victorville, but he was probably killed by a passing train early in the evening. This was the fifth victim of the train in the week of the thirteenth. Coroner Fuller is investigating the case.

NEWS BRIEFS.
The City Creek school district east of the city has completed plans for the erection of a handsome and modern two-room school building at about \$1000. The bonds for payment of the cost of the building were voted some time ago. A new school building of mission type and of concrete is also to be erected at Goffs, on the desert.

John P. Carter, Internal Revenue Collector, will address the business men and all others interested, on the question of the income tax, in the Chamber of Commerce room, Monday afternoon at 2 o'clock. Many from the surrounding towns will attend.

A. G. Kendall,
President.John Anderson,
Chairman of the National
Orange Show.

At the helm.
San Bernardino men who are the directing spirits of the National Orange Show.

WOMAN SERIOUSLY BURNED.
In Trying to Save Child a San Pedro Mother Sustains Terrible Burns—News in Brief.

SAN PEDRO, Feb. 15.—Mrs. Carmen Moreno, a Mexican woman, was badly burned this morning by a fire which broke out in the family home at No. 290 First street. The fire was caused by the explosion of a gasoline stove. When the explosion occurred the members of the family rushed out of the house. Then remembering that her baby was asleep in an adjoining room, Mrs. Moreno dashed into the house and through the flames. She succeeded in rescuing the child without it being burned, but with all their care, the chest, face and arms. Unless it should develop that her lungs were burned from inhaled smoke and flames she will probably recover.

The fire was quickly extinguished by neighbors upon the arrival of the fire department, and the damage was slight.

NEWS BRIEFS.
News received here from Capt. I. N. Hibbard of the Pacific Coast Steamship Company to the effect that many of the provisions of the proposed seamen's bill are expected to be eliminated before the final passage of the measure. Capt. Hibbard, R. H. Swayne and Robert Dollar, representative of the seamen, have been in Washington several days and have appeared before the Senate Committee which is considering the bill.

The steamer Lewis Luckenbach is due tomorrow from San Francisco to complete her cargo for Panama. The steamer Lyra is also expected with a heavy cargo of New York freight. The wharf of the Pacific Wharf and Storage Company at East San Pedro, where the Luckenbach steamers dock will be a busy place for several days. Owing to continual increase in freight offerings during the past year the Luckenbach steamers are handling capacity cargoes on this Coast for all ports. Although the steamers do not go north of San Francisco, much cargo for Puget Sound is handled through connection with the Alaska-Pacific line. The steamer Watson took 1000 tons to Seattle brought north on the Lewis Luckenbach.

While the catches were not so heavy as yesterday, fishermen brought in great quantities of fish today. The largest supply came from the halibut boat, which was expected to bring a pound, while the demand for halibut and sea bass brought the price up to 7 and 8 cents. Blacker brought 5 cents, and bonita and king fish.

LINDSAY ELECTION.
LINDSAY, Feb. 15.—April 13 has been set as the date on which Lindsay voters will pass on a proposed issue of bonds, in the sum of \$25,000 for adequate fire protection. According to reports of the engineers, the system will include high-pressure water lines to be laid through the business district, the construction of an auxiliary pumping plant equipped with special machines for quickly developing a fire-fighting pressure of water, and an auto equipped fire department. It is said that a canvass of the voters has shown an almost universal sentiment in favor of the bonds, and no serious opposition is anticipated.

INCOME TAX LAW.
Claude L. Parker, attorney-at-law, 707 S. International bank building, former Collector of Internal Revenue, now makes income and corporation tax law a specialty.

TO REMOVE THE POLES.

South Pasadena Trustees Have
Ordinance Framed Which Will
Compel the Burying of Wires.

SOUTH PASADENA, Feb. 15.—Much to the pleasure of everyone except the public utilities corporations, South Pasadena streets will soon be rid of their rows of unsightly telephone, telegraph and power line poles. They will either be placed in alleys or run through underground conduits.

For some time the Board of City Trustees has been arranging for this move, and at its next meeting an ordinance will be introduced compelling all public service corporations to remove their poles from the streets. The new ordinance will be rigidly enforced, and it will only be a short time until all poles are either removed to alleys or done away with entirely.

While the City Council members realize that public utility corporations are a necessity to every modern community, they also realize that the poles that have been erected along the city's streets are a disfigurement to the beauty of the city.

NEWS BRIEFS.
"That children are helped too much over the difficult places is the biggest weakness of our school system," said Miss Virginia Pease yesterday afternoon when she addressed the Parent-Teacher Association of the Marzano school on the subject of "Things Worth While." Miss Pease, who is head of the primary department of the Throop Institute, is one of the foremost educators of the south. By receiving too much assistance in their school work, she stated that the children were being unfitted to conquer difficulties which arise in the ordinary course of life. She urged that young people be taught to work out their problems for themselves.

Arrangements were made by the association for a course in physical culture to be given by the girls of the school by Mrs. E. C. Love, who has wide experience in physical culture work in Berkeley. The entire expense of the work will be borne by the association, which will provide for the necessary equipment and pay for the instruction.

The Republican organization in the process of formation in this city met last evening in Ong Hall. After discussion, it was decided before effecting same, that they would have representatives from all parts of the city, so that each section of the city would have a voice in its organization.

Seward C. Simons, president of the A.A.U., has been selected as the official referee for all the dual and intercollegiate track meets in Southern California. Because of the multiplicity of referees experts have refused to credit the records made in Southern California. At last, a reliable official will be listed, and Simons will select his officials from this number.

NEBRASKANS FRATERNIZE.
Former Residents of "Bill" Bryan's State Meet at Whittier and Spend a Delightful Day.

WHITTIER, Feb. 15.—Five hundred former residents of York county, Neb., enjoyed their annual picnic here Saturday. With an ideal day for motoring, the attendance was fully up to the expectations of the officers, including Judge A. B. Taylor of Whittier, who has worked unceasingly for the success of the day. Dinner was served today from hundreds of well-filled baskets, whose contents were spread upon tables in the Woman's Clubhouse, and after the entire seating capacity of the commodious clubhouse was filled, an overflow dinner was held in Central Park.

With Judge Taylor as presiding officer, an interesting programme of readings, music, and reminiscence addresses was heard. Miss Jessie Way, Whittier's talented reader, gave a selection. Addresses were made by Judge G. W. Post, now of Torrance, and by Rev. E. E. Taylor, pastor of the First Baptist church, who has worked unceasingly for the success of the day. Dinner was served today from hundreds of well-filled baskets, whose contents were spread upon tables in the Woman's Clubhouse, and after the entire seating capacity of the commodious clubhouse was filled, an overflow dinner was held in Central Park.

Dinner was served today from hundreds of well-filled baskets, whose contents were spread upon tables in the Woman's Clubhouse, and after the entire seating capacity of the commodious clubhouse was filled, an overflow dinner was held in Central Park.

Whittier's talented reader, gave a selection. Addresses were made by Judge G. W. Post, now of Torrance, and by Rev. E. E. Taylor, pastor of the First Baptist church, who has worked unceasingly for the success of the day. Dinner was served today from hundreds of well-filled baskets, whose contents were spread upon tables in the Woman's Clubhouse, and after the entire seating capacity of the commodious clubhouse was filled, an overflow dinner was held in Central Park.

EUGENE CHAFFIN
IS A RACED
Denounces Women Who
Against Prohibition.

LONG BEACH, Feb. 15.—With married women who were active in prohibition measures at the recent election, Eugene Chaffin, for eight years a member of the Long Beach city council, has issued a statement denouncing the women who were active in prohibition measures at the recent election.

Chaffin, who is a member of the Long Beach city council, has issued a statement denouncing the women who were active in prohibition measures at the recent election. He stated that the women who were active in prohibition measures at the recent election were "a disgrace to the city."

EUGENE CHAFFIN IS A RADICAL
Denounces Women Who Make Prophecy that Goes "Dry."

Practitioner Admits He Has No License.

LONG BEACH, Feb. 15.—The married woman who voted against prohibition measures at the polls serves to be soundly thrashed by her husband on returning home from the polls.

CHAFFIN, Feb. 15.—With the exception of the prohibition measures at the polls, the husband of Eugene Chaffin, a candidate for president on the Prohibition ticket, in a speech at the Forum this afternoon, declared that the support of prohibition in California was not yet decided, and that a campaign of education for women must be begun if the women are to go "dry."

CHAFFIN, Feb. 15.—The speaker said that the women who voted against prohibition at the polls were not yet decided, and that a campaign of education for women must be begun if the women are to go "dry."
